Center For A Non Violent Community Overview
The Center For A Non Violent Community (CNVC) actively supports the right of all people to live their lives free from interpersonal violence. We foster healthy relationships with self, partners, family, and peers. We value the feminist principles of self-empowerment over self-desertion and of shared decision-making over dominance. We are ardently dedicated to building community, which is interdependent, collaborative, respectful of diversity, and supportive of peaceful solutions to conflict.

Project Overview
CNVC has provided the Keeping Kids Safe (KKS) program to pre-school through third-grade students since 1997. The program utilizes recorded videos, songs, books, and guided discussions to help children learn the following: How to stay safe, identification of private body parts, the difference between a safe touch and a hurtful touch, and “Say No, Get Away, and Tell Someone” strategies for staying safe and getting help. For the 2020-2021 fiscal year, CNVC will produce story time videos to address social emotional learning, diversity, acceptance, bullying, and boundaries to contribute to child sexual abuse prevention. Each video will feature staff or community members reading a book to the offscreen audience.

We are seeking video editing services to create complete, polished products including opening credits, the story time content, and ending credits. Duration will range with the length of each book, approx. 5-10 minutes

Project Goals & Target Audience
CNVC hopes to continue educating children on the safety steps by reinforcing emotional regulation skills, communication skills, as well as build confidence and self-efficacy through these story time videos. The target audience is youth pre-school through grade three. CNVC staff and community volunteers will read and record the video content to be delivered to the video editing service provider. We aim to produce a minimum of 10 videos in the next 11 months.

Project Usage
Videos will be shared to CNVC’s YouTube channel, CNVC Sonora https://www.youtube.com/channel/UCJO_T8zwqDH1p8UAGbd-bLw as well as CNVC’s website https://nonviolentcommunity.org/ and social media.

Scope of Services & Expected Deliverables
We are seeking services to edit raw footage and audio into a polished, completed product suitable for sharing on YouTube and other digital platforms. This may also include dubbing Spanish audio over video footage as applicable. Once footage is delivered, we request completed videos be turned around within two weeks. CNVC reserves the right to request additions or changes to the products during the editing phase before final approval and delivery of completed product.
