California DELTA FOCUS Champion Building Tool*

The Champion Building Tool helps us to be intentional about moving stakeholders, step by step, toward becoming champions for the promotion of healthy relationships and school policies to prevent adolescent dating abuse. Use this tool to develop strategies, track learning and actions, and celebrate progress. When the level has been determined using this scale rubric enter the correct level on the Champion Trait Tracker.

Tips for Getting Started with this Tool:
- Become familiar with the stakeholder’s organization, background, and role
- Refer to evidence recorded on the Meeting and Event Observation checklist, surveys etc. and noted on the Alignment Tracker
- Assign the Champion Level based on total Alignment Tracker score
- Use stories, strategic messages, and relevant facts to encourage stakeholder to see intersectionality of issues, and move up levels
