An Offering for Executive Directors

- Yes, we have lost donors because of me. Yes, we have lost board members because of me. We've also GAINED donors because of how we've been showing up, and we've GAINED board members who want to work for social justice, and we've had partners CALLING us and saying, "We've heard about what you're doing and we want to help fund you." Most importantly, we've gained community partners from sectors we might have been afraid to be aligned with in the past, which increases our visibility as a safe resource in our community.

- May Rico, Executive Director
