

# JOIN THE FIGHT TO END DOMESTIC VIOLENCE & SEXUAL ASSAULT WITH YOUR LICENSE PLATE

12.7 million people are physically abused, raped or stalked by their partners in one year. That's approximately the population of New York City and Los Angeles combined. That's 24 people every minute.

California is the first state in the nation to establish a specialized NO MORE license plate to fund local programs in the fight against domestic violence and sexual assault.

Assemblymember Jimmy Gomez (D-Los Angeles) authored and successfully passed Assembly Bill 2321. With its passage, AB 2321 created the first-in-the-nation California Says NO MORE license plate and established a domestic violence and sexual assault prevention fund, which will be financed through license plate purchases, to support domestic violence and sexual assault awareness and prevention efforts throughout the state.
