## *YOUTH VOICES NEEDED!*

Youth are the experts in their own lives. Adults can learn from your wisdom and lived experiences, supporting your pursuit of social justice in your communities. In the months leading up to Teen Dating Violence Awareness & Prevention Month in February, we're asking young people to share their strategies to prevent dating violence and advocate for healthy relationships. Our statewide coalition, the California Partnership to End Domestic Violence, will follow your lead, amplifying your voices throughout the month on our social media! Submit your ideas on our campaign page, [cpedv.org/tdvapm2019](http://cpedv.org/tdvapm2019).
